BOOK SYNOPSIS

Exam Prep: Airport Fire Fighter is part of Jones and Bartlett's comprehensive series of exam preparation manuals for fire service professionals. The series author, Dr. Ben A. Hirst through his company, Performance Training Systems, writes and validates actual certification and promotional exams for state fire training agencies and major fire departments nationwide. Each book in the Exam Prep series includes questions that have been used on these actual exams. This manual contains three full-length practice exams with self-scoring guides and page references to major texts and references on the subject. Winning test-taking tips and helpful hints are also provided. The manual follows Dr. Hirst's Systematic Approach to Exam Preparation, which provides immediate feedback to help students emphasize areas of weakness and learn material through context and association.
