The Motorcycle Permit Test "How to Pass on Your First Try!" Updated for the 2017 test! Over 170 practice test questions! A must-have for anyone who would like to pass on their first try. We show you what to study and how to beat the test. The thought of getting your Motorcycle license can be a little bit intimidating, but with a few simple guidelines and test taking strategies, you'll be well on the road to success. Did you know that 70 percent of first-time test takers fail the permit test? Our practice tests have over 170 test questions and are an excellent way to prepare you for the actual written test. Each of the 4 tests contain questions that are very similar to the actual test questions. By preparing, using these supplemental practice questions, as opposed to reading and rereading the DMV handbook which is very time consuming and can be a waste of time, you will learn basic driving skills, road sign and traffic signal meanings, when to pull over for emergency vehicles, speed limits in various zones, how to handle accidents, and much more. You will also learn how to answer the trick questions which appear time and time again on the test! Also included in the book are valuable test taking strategies, safe driving tips, and safe driver checklists. Passing the first time will save you money, time, and the stress of having to study again. It will also give you confidence and prepare you for the road driving test.
