BOOK SYNOPSIS

I have to get my wife pregnant. I know what you're thinking, boo hoo, poor me, right? The only problem is my darling wife hates my guts. The only reason we eloped was because our fathers, who are business partners, are jointly leaving us their \$100 billion company. If we wed. And she doesn't know this part yet, but it's contingent on us producing an heir. I have 90 days to knock her up, which might be difficult considering she can't stand to be in the same room as me, let alone share my bed. Challenge accepted. Mark my words, I will have her begging for me. I've never backed down from a challenge and I'm not about to start now. Filled with hot and humorous moments, you won't want to miss the complete series of HITCHED!
